Abstract

Rationing - Madras Province - Over all scale of ration - Increase from 10 ozs. to 12 ozs. - Ordered.

O R D ER.

In supersession of all previous orders the Government direct that with effect from 6th March 1949, the following scale and composition of ration should be issued to card-holders in statutory and informally rationed areas.

Rice eaters: 8 ozs. of rice plus 2 ozs of semolina plus 2 ozs. of wheat, semolina, maize, milo and/or local millets according to availability.

Mixed diet eaters:- 4 ozs. or rice plus 2 ozs of semolina plus 6 ozs of wheat, semolina, maize, milo and/or local millets according to availability.

Millet eaters:- 2 ozs of rice plus 2 ozs of semolina plus 8 ozs of wheat, semolina, maize, milo and/or local millets according to availability.

2. The Board of Revenue (Civil Supplies) is requested to issue necessary instructions to subordinate officers in the matter.

3. Government are inclined to believe that the poor offtake in regard to samolina is partly due to the fact that card holders particularly in rural parts are not aware that samolina could be had through ration shops as part of their rations. One effective method of making this known to the general public is by making samolina available in every ration shop. The Board is therefore requested to instruct Collector to see that every ration shop in the district whether in the statutorily rationed area or elsehwere is given at least 10 measures of samolina to start with, the subsequent requirements being passed with reference to the indents that might be submitted by the dealers concerned.

GOVERNMENT OF MADRAS
Food Department.
Memorandum No.9502.B/49-1., dated 10-3-1949.

Sub: Rationing - Over all ration - Increase from 10 ozs. to 12 oza. - Scale of ration to cardholders -

Ref: From the Board of Revenue(Civil Supplies) Ref No.28019/L1/49 dated 5-3-1949.

As the over all ration has been increased from 10 ozs. to 12 ozs. the Government consider that non-cultivating landholders who are permitted to import or retain rice at 10 ozs. should be permitted to draw the extra 2 ozs. of ration in the shape of semolina from ration shops on their ration cards. The Board is requested to issue necessary instructions to subordinate officers in the matter.
